May 2003

Welcome to our new H2P2 Outcomes Planning Workbook!

This workbook was developed by SHPDA's Hawaii Health Performance Plan (H2P2) Team. It is a workbook to help you take simple ideas from inception to implementation action! It provides an excellent reference source for all community health improvement activities. In it, you will find:

- An incredible overview of health outcomes planning
- Various pointers on how to analyze health care issues
- Approaches on how to inventory health resources in a community
- Help on how to develop & implement health improvement strategies
- A construct for monitoring & evaluating your progress
- A way to sustain your achievements

This workbook was conceptualized by H2P2's core team including: Jim Walsh, Leslie Chinen, Kathleen Delahanty, David Heywood, Creighton Liu, Raleigh Awaya, Janet Scura, Steve Chong and Marilyn Matsunaga. Their vision was put to paper and actualized through the research, analysis and writings of Patricia S. Hunter.

Thank you for your interest in health outcomes planning! Together, we will build a healthier Hawaii!
